eCF - Internet Explorer no longer supports eCube Financial Applications

Purpose: Follow this procedure when a user reports issue with Internet Explorer. As of June 15, 2022 Internet Explorer is no longer supported, and you should be using Edge as your default browser when accessing eCube Clinical and eCube Financial applications. We understand that the icon is still on your desktop, however we recommend that you do not use the Internet Explorer browser. Once we have a target date from Microsoft for Internet Explorer icon removal from desktops, we will share it with the team.

Required Information to be documented in each Incident:

- Contact Name
- Contact Number
- Clinic / Facility Number

Troubleshooting Process:

1. Confirm with user that the issue matches the issue reported.
2. Please document required information and troubleshooting details in the incident.
3. Please attach any referenced knowledge articles to the incident.
4. Advise user as of June 15, 2022 Internet Explorer is no longer supported, and you should be using Edge as your default browser when accessing eCube Clinical and eCube Financial applications. We understand that the icon is still on your desktop, however we recommend that you do not use the Internet Explorer browser. Once we have a target date from Microsoft for Internet Explorer icon removal from desktops, we will share it with the team.

5. Clinics can reference the message sent:
