Details:

1. Login to <https://portal.azure.com/> with your Azure ADM account.
2. Click on the burger menu and choose Azure Active Directory
3. Click on Groups.
4. You will see all groups. You can search (1) for PBI to see all the Power BI related groups (2). If you need to create a new group (3) this can also be done in this menu.
5. Click on a group and then on members to be able to add a user to this group.
