Concur solution

The selected T&E; solution Concur supports the whole T&E; process from start to end. It enables to benefit from standard interfaces to connect with other systems (i.e. HCP/HCO database, SAP accounting module, HR system, ...) and comprises the following functionalities:

Request (Related to the approval prior to the business trip / based on maintained approval matrix and sign limits)Expense (Reclaiming and processing of expenses/configuration of restrictions and rules)Business Intelligence (comprehensive reports and KPIs on T&E; data, integrated with the SAP BI environment)Credit Card (Expenses are fed to Concur and can be allocated to expense claims)Travel (OBE integration to complete the End to End process in Concur)*HCP Database integration (Validated HCP/HCO organization can be integrated to link HCPs to expense claims)

The availability of the functionalities will depend on your organization setup or needs.
