Fluid Management Dashboard – Current RX Time not matching with HD Order Schedule Assessment of the Patient

Purpose: Follow this procedure when a user reports Fluid Management Dashboard – Current RX Time not matching with HD Order / Schedule Assessment of the Patient

Required Information to be documented in each incident:

Contact NameContact NumberClinic / Facility NumberPatient NamePatient MRNDetailed Description of the issue.Screen shot of the Error

Troubleshooting Process:

1. Confirm with user that the issue matches the issue reported.
2. Please document required information and troubleshooting details in the Incident.
3. Please attach any referenced knowledge articles to the incident.
4. Advise user, current RX Time is calculated based on order occurrence associated with most recent HD (non-uf only) treatment regardless of clinic and is NOT calculated from the order / assessment itself.
5. The user can contact their CTEM for additional information.
6. Follow the resolution process.
