'value': 'f03963ae1b00395471ae4159b04bcb96'}

Purpose:

Follow this procedure when a user reports –

Need to Install/Upgrade/Update application (Chairside) on Desktop/Laptop

Required Information to be documented in each Incident:

Contact Name Contact Number Clinic / Facility Number Detailed Description of the issue. Screen shot of the Error

Troubleshooting Process

1.

Confirm with user that the issue matches the issue reported.

2.

Take remote of user's system through the Bomgar.

3.

Open Edge Browser on the user's system

4.

Copy / Paste the chairside link mentioned below on the edge browser and press enter key.

Link - <http://chairside2.intranet.fmcna.com/chairside/login.htm>

5.

Once the page open-up. Click on the three dots at the top right corner.

6.

Click on the app(1) options and then click on the application as displayed in the image(2).

Application will pop-up with few options. We need to allow permission for the options displayed in the picture below i.e. Pin to Start and Create Desktop Shortcut.
