General Information:

Possible symptoms/errors:

Users want to know Information on Translator for Outlook

Alternative names of the system:

Outlook 2016

IMPORTANT NOTICE:

N/A

Solution:

There are times wherein user will receive messages not in their native language. Microsoft Outlook has the capability to translate selected texts for them. They might be hesitant to proceed when user receive the below notification because the text will be sent over the internet.

User can simply click on Yes on the message prompt as email translations provided by Translator for Outlook are powered by the online Microsoft Translator service.

All data transmissions are secured via SSL, and are never stored, sampled, or shared with any first- or third-party entity. This means that all translation and processing happen on servers in-memory only known as the "no-trace".
