General Information:

Possible symptoms/errors:

How to Recover Deleted Files in Microsoft Teams.

Alternative names of the system:

N/A

IMPORTANT NOTICE:

N/A

Solution:

This article shows a guide on how to assist user with recovering files which they have deleted from a Files or SharePoint tab in Microsoft Teams.Details:1. In Microsoft Teams, open the channel or tab where the files were and click Open in SharePoint. (In this example, a file is deleted from General channel under Files tab.)2. Once the SharePoint site opens, click Recycle bin from the left navigation pane.3. Select the deleted file/s which you want to recover then click Restore Selection.4. On the next window, click OK.5. Restored file will now be displayed under the tab or channel where it was originally located.
