General Information:

Possible symptoms/errors:

User wants to know how to Open Intranet Page on MobileIron in iOS.

Alternative names of the system:

IntranetMobileIronWeb@Work

IMPORTANT NOTICE:

N/A

Solution:

MobileIron is a software designed for enterprise mobility management available for mobile devices. Users can also open intranet pages using this application. This will guide how to open intranet page using MobileIron Web@Work.

Solution:

In the iOS device, advise user to tap the Web@Work icon.

Web@Work starts with a blank screen. User can enter a URL directly in the Address field.

User can also click on the bookmark icon   or   to select one of the bookmarks.

User should now be able to see the intranet page.

Assignment Group:

Ext_WW_Mobile-Workplace_SLS_Capgemini
