General Information:

Possible symptoms/errors:

User wants to know how to Add an Email Distribution List as a Contact in Microsoft Teams

Alternative names of the system:

N/A

IMPORTANT NOTICE:

N/A

Solution:

In Skype for Business, we had the option to add an email distribution list as a contact which made all contacts available as a group. However, Microsoft Teams does not allow adding existing email distribution list. Currently there are no functions available or workaround to this.
